

I am extremely concerned that my K-Love radio station may be replaced by LPFM. K-Love supports wholesome family values and has a positive and encouraging impact on communities across America. It is the only station I listen to and the only one I will let my family listen to. I do not want to even think of the impact on the community if K-Love is replaced by an LPFM broadcaster. Please do not replace my K-Love radio station, otherwise I will not have ANYTHING to listen to on the radio. Thank you, Lisa Wren
